

Trespass Agreement

If you have a constant problem with unwanted visitors to your business after hours, consider the City's Trespass Enforcement Agreement.

Simply stated, the agreement gives the police the authority to act as your agent and move unwanted visitors from your property any time you are not there. Businesses, apartment managers, landlords, and homeowners can take advantage of this service if they agree to respond to subpoenas and court appearances as required. The agreement can be cancelled and must be renewed every two years.

For more information, contact Information/Referral at 503-823-4000, give them your location and you'll be directed to the correct Crime Prevention Coordinator.
